About BBQ Fest

More than 230 teams come from over 25 states and several foreign countries to participate in America's most prestigious barbecue competition.

Country of Honor

This year Memphis in May honors the Czech Republic.

We have fantastic ideas for our booth design using Czech architecture and landmarks!

Local Impact

The 2017 World Championship Barbecue Cooking Contest drew 35,556 out-of-market guests and supported 361 jobs.

Total spending by non-resident visitors at the 2017 World Championship Barbecue Cooking Contest was estimated to be nearly \$21 million with over \$37 million in economic impact.

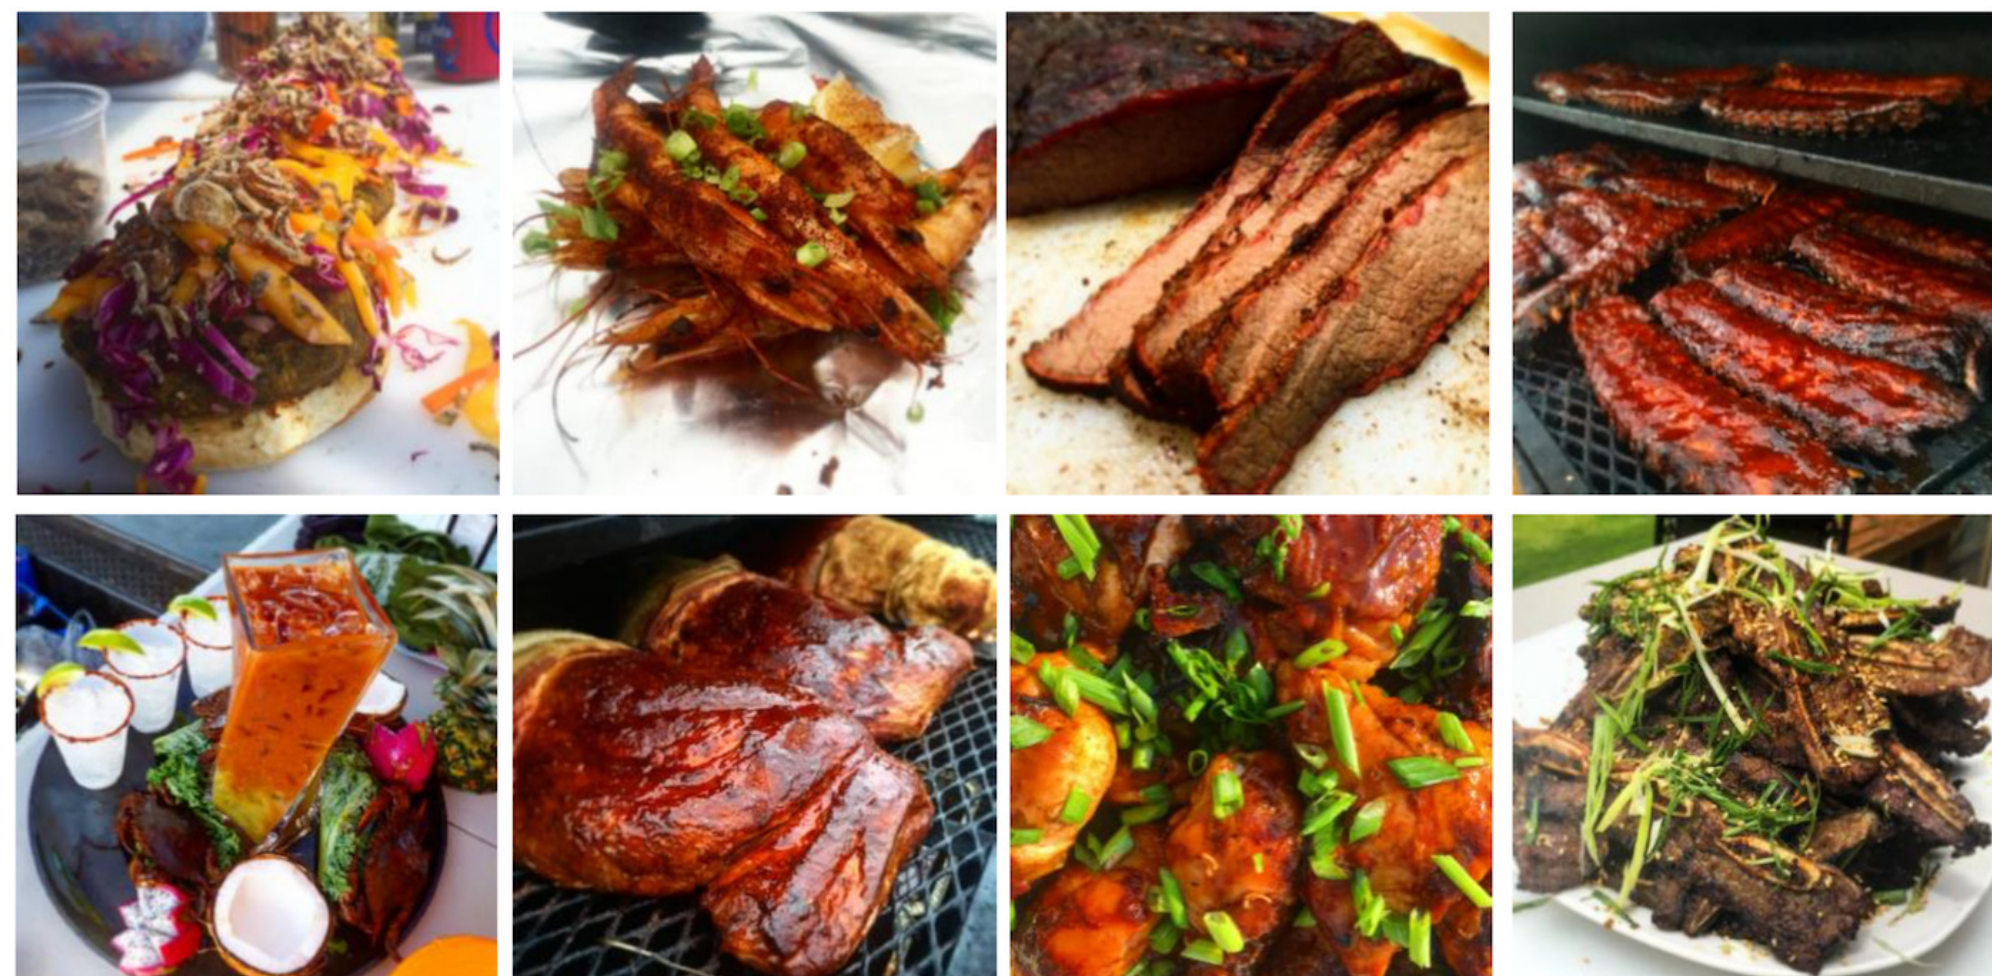

Award Winning Party Designers

We make a ton of great food during BBQ fest, but our accolades come for our hospitality and designing a unique party atmosphere each year.

It's All About The Food

Our team is serious about competition as well as feeding our friends and throwing a fantastic event each year. Three meals per day are provided to members and sponsors.
